[Despatch Abstract.]

Local Development Works -- grants for 1955-'56 -- South Kanara, Coimbatore and Ramanathapuram Districts -- Enhancement of grants -- ordered.

Copy of letter (D.O.Ref.Ml. 8000/55) dated the 14th June 1955 from the Collector of South Kanara, Mangalore to the Commissioner of Land Revenue and Development, Board of Revenue, Chepauk, Madras 5 (and copied to the Director of Community Development and Additional Secretary to Government, R.D.P. Department, Fort St. George, Madras).

...

Sub: LOCAL DEVELOPMENT WORKS - South Kanara district - Allotment for 1955-56.

Ref: 1. My D.O. Ref.Ml.8000/55 dated 3-6-55.
2. Your note prepared for the Collector's conference.
3. Note prepared by the Director of Community Development for the Conference.

...

It is seen from Appendix C to your note second cited that South Kanara district has been proposed to be allotted Rs.2 lakhs for Rural Water Supply works and Rs.2,77,828 for 'other works' for 1955-56. Those proposals are of course not final. While the allotment in respect of Rural Water Supply works is adequate, the requirements of this district in respect of 'other works' will not be met by the small allotment of Rs.2,77,828. The figures furnished in my D.O. first cited had necessarily to be restricted, in deference to the difficulties of getting sufficient allotments and paying for incomplete works in 1956-57, expressed in your D.O. F.P.VII.C.21295/55 dated 27-5-55. Since the position has now changed with the announcement of the Finance Minister during the Collector's Conference, the needs of this district in respect of 'other works' will have to be examined afresh. In this connection, I enclose a copy of my report to Government Ref.Ml.8000/55 dated 18-5-55 with reference to Government Memo. No. 1716 Public (R.D.P.XIII) 55-1 dated 2-5-55. As will be seen from the proforma stateement annexed thereto, the total amount required in respect of the three categories mentioned therein comes to Rs.3,34,368. As noted under category (iii) therein (i.e. works to be sanctioned, executed and paid for during 1955-56), new proposals for 1955-56 which have come in for inclusion in the Local Development works programme have not been taken into account. I have proposals for works (other than Rural Water Supply works) involving a Central grant of about Rs.6 lakhs. After receipt of instructions regarding the then likelihood of a restricted allotment for 1955-56, these proposals had to be kept in abeyance. I feel confident that all these new works which have come up with the required contributions, can be included and got executed. There is now very good response from the public and I am assured by the officials and the non officials connected with the Local Development works programme that the existing enthusiasm will continue, if not increase, in the coming months, provided the works are sanctioned as and when they come up. With the exception of a few works which may be left over for 1956-57 for completion I expect that a total sum of Rs.10 lakhs can be spent from the Central Grant this year. I therefore request that this allotment of Rs.10,00,000 may be made available for 'other works', in my district if possible.

2. In order to continue the present tempo for Local Development works programme, I am according administrative sanctions for all works included in the existing programme which are ripe for sanction in anticipation of approval, and I am also going ahead with the preparation of estimates etc. in respect of new works for 1955-56, on the assumption that I will get Rs.10 lakhs. I should be grateful if I am given an indication immediately, as to how much I can expect for "other works" to enable me to prepare the calendar of operation for all new works.

PLANNING COMMISSION - Local Development works - 1955-56 - Allotment.

Ref: Govt. Memorandum No.1716 Public (R.D.P.) XIII-55-1 dt. 2-5-55.

The particulars called for are furnished in the proforma enclosed

2. The figures furnished are with reference to the works inclu-

2

in the existing programme of 1954-55. The programmes for 1955-56 has not been drawn up, pending the allotment of funds by Government for 1955-56. New works (other than R.S.W. works) for 1955-56 involving a central grant of about Rs.6 lakhs have been proposed by the subordinate officers. Besides, new Rural Water Supply works involving a central grant of about Rs.1,30,725/- have been proposed by the subordinate officers for 1955-56 including the works in the National Extension Service areas. The question of selecting the new works for inclusion in the 1955-56 programme can be considered only if the allotment to be sanctioned by the Government affords sufficient cover for the new works also. In this connection, I solicit attention to this office Ref.Ml. 8000/55 dt. 12-4-55 to the Board (copy sent to Government).

3. The figures relating to cash contributions furnished in column 4 of the proforma are the actual amounts so far remitted into the treasury, less the amount already spent in 1954-55 from cash contributions. The amount expected to be realised will be reported as soon as reports from subordinate officers which have been called for are received.

Collector's House,
Coimbatore,
Dated the 3rd July, 1955.

Dear Sri Raghavachari,

I find that in G.O. Ms. No.2002 Public R.D.P.) Department dated the 24th June, 1955 a sum of Rs. 12 lakhs only has been allotted to this district. It was informally agreed in the Collectors' Conference that a sum of Rs. 17 lakhs which was required by me for expenditure under Local Development Works other than Water Supply would be allotted to me and that I could plan on that basis. During your last visit to Coimbatore, I have explained to you the need for the full grant of Rs. 17 lakhs for this district. I have also based my programme on this basis. Under these circumstances, I am to request you to revise the allotment to Coimbatore district as 17 lakhs.

Yours sincerely,

My Dear Raghavachari,

D.O. from Sri Nambiar, Collector of Coimbatore to you, Ry.12852/55-M3 dated 3.7.1955 (copied to me);
D.O. from Sri Raja Ram, Collector of South Kanara, Ref.M1.8000/55 dated 14.6.1955 (copied to you)

Please refer to the correspondence cited.

2. From the G.O. cited, it is seen that except in Coimbatore and Ramanathapuram districts, the amounts applied for have been sanctioned. I had with the approval of the Chief Minister and Finance Minister asked Collectors to go ahead with works upto the extent of their estimated requirements. In Coimbatore in particular, Sri Nambiar appears to have started preliminary arrangements based on this assurance. I therefore suggest that the allotments for Coimbatore and Ramanathapuram districts may be enhanced, for the present, by Rs.3 lakhs and Rs.50,000/- respectively.

P.t.o...

3. In view of the circumstances stated by Sri Raja Ram in his D.O. of the 14th June, copied to you, I suggest that the allotment for South Kanara district may also be enhanced by Rs.2 lakhs, for the present.

4. As there is a reserve of about Rs.13 lakhs, I presume that there can be no difficulty about this. Very early orders may issue accordingly.

Yours sincerely,

(W.R.S.SATTHIANATHAN).

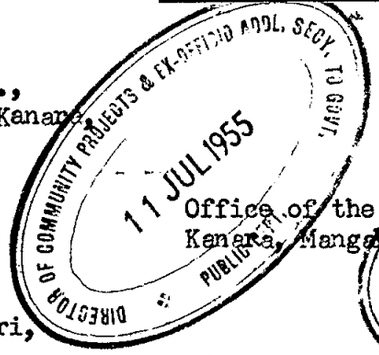
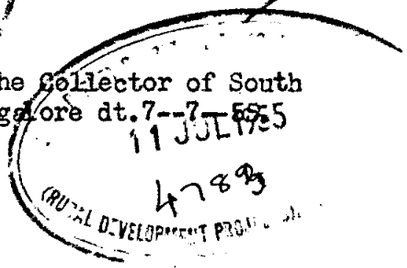
EXPRESS DELY



Office of the Collector of South Kanara, Mangalore dt. 7--7--1955



Dear Sri Raghavachari,

LOCAL DEVELOPMENT WORKS--Other than R.W.S.Works - South Kanara District- Allotment for 1955-56 - Additional allotment - requested.--

Ref: 1) My D.O.Ref:Ml.8000/55 dt. 14-6-55 to the Commissioner of Land Revenue and Development, copy marked to you.

2). Government order Ms.No.2002 Pub (RDP) Department, Dated 24--6--55. ---

---

I invite attantion to my D.O. first cited above, wherein I had requested for an allotment of Rs.10,00,000 under the L.D.Works Programme for 1955-56 for works other than R.W.S. works in this District. But it is disappointing to see from the G.O. second cited, that only a sum of Rs.3,10,000 has been tentatively allotted to this District. In all probaility, the Government have not taken into account the proposals for works to be included in 1955-56 while estimating the requirements of this District.

2. I have proposed to spend the allotment of Rs.3.1 lakhs as follows:-

	Rs.
a) For sanctioned works already started but not completed	1,85,828
b) For sanctioned works which will be started in 1955-56	53,825
c) For works included in the programme already and which will be sanctioned hereafter and executed in 1955-56.	33,900
d) For 11 items of Essential works which are not included but which will be included and executed in 1955-56.	36,447
	3,10,000

In selecting the works in item (c) all the items which cannot be taken up and completed by the end of 1955-56 have been excluded. In item (d) the 11 works included are those in respect of which some assurance has been given to the beneficiaries regarding their inclusion in the Programme as a result of representations made to the Government and to the Collector. Thus it will be seen that the allotment now

pto

sanctioned does not provide for the inclusion of all the other new works proposed by the Tahsildars on the initiative of the public including the local M.L.As.

3. In the G.O. second cited, the Government have been pleased to keep in reserve a sum of Rs.12.8 lakhs to provide for the additional requirements of the Districts. If it is not possible to allot now Rs.6.9 lakhs, to make up the total of Rs.10 lakhs for this District as requested in my D.O. first cited, I request you to kindly allot at least an additional amount of Rs.4 lakhs now itself in respect of the following works out of the proposals for 1955-56. These works can definitely be got completed in 1955-56, if they are included in the programme now and steps are taken for their sanction and execution immediately.

Name of Taluk	No. of works	Central Grant required.
Udipi	21	93,611
Coondapur	7	13,424
Puttur	55	1,04,300
Belthangady	13	58,950
Kasaragod	31	68,050
Hosdrug Sub-Taluk	23	58,825
T o t a l	150	3,97,160

4. I need hardly say that time is a very important factor for execution of the L.D.Works and unless works are sanctioned in the early months of the financial year, it is difficult to spend the allotments at the closing period. This was the main reason why in this District(though sufficient enthusiasm was forthcoming at a later stage in 1954-55), the overall result achieved in the year could not be more satisfactory. The following figures of expenditure on other than R.W.Works will show how even in the monsoon months of June there has been sufficiently encouraging expenditure and I assure you there will be an adequate increase hereafter, especially after the monsoon months(June to September.)

January, 1955	7328-0-0	(Central Grant)
February,1955	5083-2-0	(Central grant)
March, 1955	94879-10-0	(Central Grant :Rs86511 (Cash contribu-tion. ... ...) Rs8368)
April, 1955	221-1-0	(Central Grant)

9 — 9

May, 1955 . 2031-0-0 (Central Grant)
June, 1955 28,112--10-0(Central Grant= 22560-11-0)
(Contribution:5551-15-0)

Since maximum efforts were concentrated in March, 1955 and all part payments made to spend as much out of the allotment for 1954-55 as possible, there was naturally need for allowing sometime to achieve some progress in the ~~results~~ monthly of April, and May and the next urn of partpayments could begin only towards the end of May. This act explains the low expenditure figures for April and May. I may oint out in this connection that, due to the apprehension of getting sufficient allotment for 1955-56, no new works could be sanctioned in April and May and there was thus no scope for expanding the programme of work and the limits of expenditure.

5. Unless the programme of work for 1955-56 is drawn up well in advance and the public enthusiasm is not allowed to wane, the expenditure hereafter will have to be restricted within the limited scope of Rs.3.1 lakhs now allotted. Here again, the time factor will play its part making it impracticable to spend this amount early in the year to make out a claim later for additional allotment. As already explained, there will be difficulty to go through a program of new works at a later stage. I therefore earnestly urge that the additional allotment now applied for may be made <u>immediately</u>. I may add here that I have not taken into account the proposals which have been made after April, 1955 and in case the progress hereafter is remarkable, I shall approach again for some more allotment in due course.

6. In anticipation of getting sufficient allotment, I have issued instructions to the technical staff to go ahead with the preparation of estimates so that no time need be lost for according administrative sanction after inclusion in the programme. I have drawn up a calendar of operations to ensure the completion of works under execution and they are progressing satisfactorily as programmed. I am personally keeping in touch with the progress by inspecting as many works as possible during my tours and I wish to convey to Government that there is remarkable enthusiasm among the public and their representatives like the M.L.As and the District deserves encouragement during this financial year by way

(6)

of adequate allotment. Further a ~~no~~ number of works have been proposed for Malnad villages of the District and execution of these work now with people's contribution will relieve the Government of their responsibility to get them executed at cent per cent Government cost later. I hope this point will also be appreciated.

7. I have proposed to call for a meeting of the District Planning Board during this month to review the progress of work for the quarter ending 30-6-55 and also ~~the~~ to consider the inclusion of works in the L.D.Works Programme for 1955-56. If I do not get this additional allotment of Rs.4 lakhs now itself, I will be forced to tell them that many works, which the people have come forward to undertake this year, cannot be taken up, for the reason that the present allotment of 3.1 lakhs is entirely inadequate to meet my requirements. It will then have a very demoralising effect on the people and I will lose my face and the Government, its prestige. I therefore request for immediate telegraphic sanction of an additional allotment of Rs. 4 lakhs now.

Yours sincerely,

7 --7--55.

In Board's reference No.7281/55-1 dated 14-3-'55 I was asked to report the total amount that can be spent by me during 1955-56. In reply to this, in my letter Rc.C.8. 7075/55 dated 19--4--'55, I applied for an allotment of 20 lakhs under Non-R.W.S. and 10 lakhs under R.W.S Works.

2. Again in Government Memo. No.1716/55 R.D.P./55-1 dated 2--5--'55 the actual amount required to meet the expenditure under L.D.Works was called for and in reply to this, I applied for an allotment of Rs.17,26,438 under Non R.W.S. Again in Board's D.O. F.P.VII.C. 21295/55 dated 27--5--'55, a very correct forecast of the grant required by me for 1955-56 under each head viz. water supply and other works, was called for in reply to which I applied for an allotment of Rs.10,28,738 under Non-R.W.S. The break up particulars of this amount are given below:--

I. Works started in 1954-55 but not completely paid for in that year.	Rs. 2, 14, 814
II. Works sanctioned under 54-55 programme to be executed and paid for during 1955-56.	Rs. 5, 11, 624
III. Works already sanctioned to be sanctioned in 1955-56 and to be executed and paid for in the same year.	Rs. 3, 02, 300
	Rs.10,28,738.

R.C.7946/55-K5 dated 3rd July, 1955

Sir,

LOCAL DEVELOPMENT WORKS - Grants for 1955-56 Tentative allotments to Districts

Ref: 1. Board's D.O.F.P.VII-C-21295/FP dated 2-7-1955
2. G.O.Ms.No.2002 Public (R.D.P) Department dated 24-6-1955.

In the G.O.cited, a sum of Rs.7/- lakhs has been allotted for this district for expenditure under Local - Development works programme for the year 1955-56. It has been observed by the Board of Revenue in D.O.F.P.VII-C-21295/55 dated 27-5-1955 that all the works under the Local Development Works Schemes should be completed and paid for by 31-3-1956 and that there must not be a carry over of even a pie of expenditure under the Local Development Grant for 56-

2. It has therefore become necessary that works costing Rs.14/- lakhs (Government share Rs.7/- lakhs plus contribution from the public Rs.7/- lakhs) should be taken up for execution during the year.

3. I have had discussions with the local Divisional Engineer (H) and Executive Engineers (Public Works Department) in the matter, and they are all unanimously of opinion that to secure an expenditure of works for Rs.14/- lakhs proposals should be sanctioned atleast for Rs.20/- lakhs, the ratio of completion to sanction being about 3/4th the reason being that all the sanctioned works cannot be completed in full before 31-3-1956, and certain allowance should necessarily be given for unforeseen circumsta ces such as having to drop works, or due to savings or slow progress etc. I, therefore, request orders of the Government permitting me

18

permitting me to sanction works upto Rs.20/- lakhs, subject to the condition that the actual expenditure should not exceed the allotment provided for the district. Only then will it be possible for me to spend the full allotment, and not otherwise.

4. It is indicated in para 3 of the Board's R.O. first cited, that the continuance of the Local Development scheme beyond 55-56 has not yet been decided upon. If it is decided to wind up the L.D.scheme by 31-3-56 some provision should be made for taking up in 1956-57, the incomplete works under Local Development Scheme either under the National Extension Service or Community Development Scheme. I request orders of the Government indicating the procedure to be followed for making payments for - incomplete works carried over to 56-57. It will be impossible in practice to secure that every work that is sanctioned and taken up for execution, is paid for and completed before 31-3-1956.

My dear Sri A. B. Shetty,

You are very well aware and I need not stress on it that the Malnad villages of Kasargode taluk are perhaps the most backward in all respects and unfortunately they have not received the necessary amenities to the desirable extend in the even new set up. The number of C. D. works so far sanctioned and executed in this taluk are very few and when I approached the Collector in this respect he informed that the allotment of Rs. 3.1 Lacs so far received from the Government this year for the district are quite insufficient to meet the demands from various quarters and unless the additional allotment of Rs. 4 Lacs requested for by him are sanctioned immediately no conspicuous achievements are possible

P.T.O

as a whole and also as no new works can be taken up since the commitments of previous years are too many.

In these circumstances I may also take this opportunity to remind you about the case and claims of our district and request you to do the needful urgently. Thanking you.

Yours Sincerely

.....

In your D.O. second cited above, you were pleased to recommend the enhancement of the allotment to this district by rupees two lakhs for the present. In this connection, I invite your kind attention to my D.O. first cited above, wherein I had requested for an additional allotment of at least rupees four lakhs immediately to push through the works proposed for 1955--56 with all speed from now onwards. I have also explained therein the justification for this request and the need for immediate sanction and I hope you and the Government will be convinced about the facts represented by me. I have almost completed a round of inspections of Local Development Works in the district and am satisfied that there is great enthusiasm among the public and their representatives like M.L.As. and they are most eager to make amends for their past inactivity by showing remarkable progress in this year. If adequate allotment is made now itself, it will be possible to satisfy their demands and induce them to rush through the programme.

2. Ever since I took over, I have been trying my best to whip up the enthusiasm of the people in the district, bearing in mind the instructions of the Board that the lost position of this district should be retrieved. On the

P.T. .

assurances given by the Board that no works will be left for lack of funds. I have also taken measures to go ahead with quite a few works. I assure you that all the works included in the programme will be completed and the additional rupees four lakhs asked for will be completely spent. I submit that rupees 5.1 lakhs (3.1 already allotted and 2 now recommended by you to Government) will not be adequate to cover my requirements, especially in view of the fact that I have asked the Tahsildars to go ahead with many works on the understanding that they will be sanctioned shortly. Under the circumstances, I request that the allotment of another rupees two lakhs may be strongly recommended to Government. This will make a total of rupees 7.1 lakhs for Local Development works other than Rural Water Supply works in the district. Of course, personally I feel that it may be necessary for me to ask for more later on. But, for the present I must have the additional rupees four lakhs asked for immediately.

Yours sincerely,

13/7.

My Dear Rajaram,

Sub: Local Development Works - other than Rural Water Supply Works - South Kanara District - Additional allotment for 1955-56 - Request.

Thank you for your D.O.No.Ml.17555/55 dated 13th instant. I fully realise that your demand will not be fully met even by the additional allotment of Rs.2 lakhs which I have asked Government for sanction for works other than Rural Water Supply. At the same time you must realise that our total commitments for the year have been fixed at Rs.1 crore and with the sanction of Rs.2 lakhs to you and Rs.3 lakhs to Coimbatore there will be only about Rs.5 lakhs left in the reserve. We will however hope that there may be same local development works sanctioned for next year although at present the indication is that the second five year plan does not include Local Development Works. If this is so, no works can be started which cannot be completed by 31st March, 1956. But this cannot be pre-supposed till specific orders are received and we must proceed on the assumption that there shuld be no hang-over of Local Development Works unfinished into the next financial year. I am sorry that I have to limit you like this but there are chances that there may be surrenders from other districts which we can allot to you. We can allot the reserve also suitably to Collectors who need it. You are not the only one who is asking for an additional allotment and let us wait and see for the present how things proceed. I shall call on Collectors early enough, say 4 or 5 months before the end of the financial year for surrenders and additional allotments and should any district surrender any money I shall certainly remember your need for more Local Development Works. For the present, please therefore confine yourself to the amount actually allotted to you and let us hope that next year we may have more Local Development Works and possibly also for the next 5 years with any luck.

Yours sincerely,

(W.R.S. SATTIANATHAN).

-ooo-

I fully realise your anxiety to spend the entire grant of Rs.7/- lakhs allotted to your district this year. At the moment, however, the present indication is that the Second Five Year Plan may not include Local Development Works though the Board has made out a strong case for the continuance of the Local Development Works Scheme under the Second Five Year Plan and Government have approved of the proposal. If the Planning Commission approves of this suggestion, it will be alright. But this cannot be pre-supposed till specific orders are received and we have to proceed on the assumption that there should be no hang-over of Local Development Works unfinished into the next financial year. For this reason, I am afraid I cannot allow you to undertake straightaway works to the tune of Rs.20/- lakhs as requested by you, in order that you may be sure of spending this year's allotment before the close of the financial year.

2. I am sorry that I have to limit you like this but there are chances that there may be surrenders from other districts which we can allot to you. I shall try to give you some additional allotment early enough. But for the present, please confine yourself to a programme covering only the amount actually allotted to you.

Dear Sri Sattianathan,

LOCAL DEVELOPMENT WORKS - Other than [illegible] works South Kanara District - Additional allotment for 1955-56 Request.

Further to my personal discussions with you at Kozhikode, on this subject, I have to state the following: I fully realise and appreciate the difficulties that stand in the way of an immediate additional allotment to me. I also note that in the event of any surrenders from other districts later on, the needs of my district will be remembered. However, considering the unique climatic conditions and the working season of South Kanara district, the difficulties in having to wait for the additional allotment are many. The working season for most of these works to go ahead with any speed will be starting only after the cessation of the rains; and even then, for works like bridges and culverts, we will have to wait till November-December for digging any foundations, as otherwise water would be there in most of the streams and rivers hampering the foundation operations. As regards the well works, of course, we will have to wait till the month of May or so before sinking the curb, because we will have to ascertain the summer water level, although the excavation work will be started earlier. Therefore, for all these works, the effective period available in this district for pushing through and completing the same will be only the months of December, January, February and March and perhaps some portion of November. If I have to wait for the additional allotment for the next 4 or 5 months, then I will be faced with the difficulty of having to waste sometime in once again

I.T.O.

choosing the works, preparing plans and estimates, etc. after which, very little time will be left for the execution and completion of the works. Under the circumstances, it is most essential that I should have the additional allotment made to me <u>now itself</u>. even if it is to be from the reserve, so that I can proceed ahead from now on and be in a position to complete the works before the end of the current financial year. I have now issued orders and action has already been taken to push through with the works to cover the allotment of Rs.5.1 lakhs (3.1 already allotted and 2 recommended by you and expected to be allotted soon). During the recent meeting of the District Planning Board, I was obliged to exclude many works for want of funds, as I had to restrict myself only to Rs.5.1 lakhs mentioned above. The Tahsildars and the enthusiastic members of the Planning Board were rather ~~rather~~ disappointed. I found the situation most awkward, because I had personally been in touch with most of the Village Development Committees and encouraged them to come forward with their proposals. They responded very enthusiastically to my personal efforts and I was rather pleased with it. But now, although I have given them some hope that they can get some more money later on, they are not very satisfied with it and as for myself, I feel diffident if I can persuade them once again to take up the works at a later period when it will necessarily have to be one great rush towards the f g end of the financial year. I explained this predicamer to you personally and I am following it up with this D.O., in the hope that you will surely appreciate the need for the additional allotment of arother Rs. 2 lakhs to be made to me <u>immediately.</u> I should, therefore, be grateful if you could kindly take up this matter with Sri T. B. S. Raghavacahari and see your way to persuade him to give me Rs.4 lakhs (which includes 2 lakhs already recommended) immediately. In any case, I am proceeding ahead with most of the proposed works for 1955-56 on the basis of the assurance given to me that no works will be shut off for want of funds. In this connection, it will not

29

be out of place to mention here that this District, not having many other major irrigation schemes, etc. sadly needs encouragement in other directions and we will be achieving that to a large extent by diverting some more funds for other works.

Yours Sincerely,

25/7.

Please see the reference of the Collector of South Kanara on pages 1-2 (35-39) C.F. On the recommendation of the Board of Revenue (Food Production), a sum of Rs.3.10 lakhs has been allotted to the District of South Kanara for 1955-56 under Local Devt. Works. The Collector has now stated that an amount of Rs.10 lakhs will be required by him and that he is proceeding with according administrative sanctions on the assumption that this amount will be available. He wants to be informed as to how much he can expect for 'other works' for 55-56. On the population basis, this District is eligible for Rs.5.9 lakhs, but the amount sanctioned is Rs.3.10 lakhs. The remarks of the Board may be called for on the request of the Collector. For orders.

Please see the Collector's Refs. asking for increased allotments under L.D.W. for 55-56 in the Districts on pp.1-13 C.F. The file has been opened with reference to the orders of D.C.D. at 'A' on page 1 ante.

2. The Collectors of South Kanara, Coimbatore and Tiruchirappally have asked for increased allotments under L.D.W. for 55-56. The Board has recommended increase of grants for Ramanathapuram Dt. also.

3. The following statement shows the grants allotted to these Districts for 55-56, increased allotments asked for by the Collectors and the recommendation of the Board.

4. The Collector of South Kanara in his latest D.O. letter on pages 7-10 C.F. has stated that at least 4 lakhs in addition to the allotment already made will be absolutely necessary for him to keep up the enthusiasm lately created in the Dt. for these works. The Board has recommended only Rs.2 lakhs. The progress in the Dt. so far was rather low and grants to the tune of Rs.1,25,000 and 1,95,233 have lapsed during 53-54 and 54-55 respectively. The Collector assures that in 55-56 there is good scope to spend upto Rs.10 lakhs, and if the 10 lakhs cannot be given and so, he has asked for an immediate additional grant of Rs.4 lakhs on a population basis, the District is

eligible for Rs.5.9 lakhs. The additional amount of Rs. 4 lakhs asked for ~~may be allotted. For orders~~ will give the Dt. a total of Rs. 7.1 lakhs. ~~For orders~~ if Rs. 4 lakhs will be given in addition to Rs. 3.1 lakhs already allotted. + ϕ 3 4

5. The Collector of Coimbatore has asked for an additional grant of Rs.5 lakhs.--vide p.3 C.F. The Board recommends that an additional sum of Rs.3 lakhs may be given to the Dt. The District has already spent over and above the grant of 53-54 and 54-55 to the tune of Rs.8,15,100. That the Dt. is able to spend on works, which may be largely be ~~done~~ due to the higher general economic level of the people may not be taken as a criterion for enhancing grants. The Dt. is eligible for Rs.9.5 lakhs on a population basis. However, it is for orders if the Board's recommendation will be accepted to enhance the grant allowed by 3 lakhs. 7. The Collector of Tiruchirapally, for the reasons stated on pp.11-13 C.F., has asked for an enhanced grant of Rs.5.1 lakhs. The Board's remarks have not been received. The Dt. is eligible for Rs.8.5 lakhs on population basis and was given only Rs.5.2 lakhs. ~~For orders~~.

8. The expenditure on the Dt. during the past two years have not been good and a total grant of Rs.5,22,086 has lapsed out of a total grant of Rs.7,21,300. For orders if the grant sanctioned will be enhanced to Rs.8.5 lakhs to which the District is eligible on population basis. vide (P) + 2 1 [illegible]

[From the Collr. of S. Kanara D.O. No 17555/Rev.1./55 dtd 28-7-55] ff 27-31

I send herewith copy of the D.O. from the Collr. of S. Kanara on page 2p-31 c, addressed to the ~~Dist~~ Commissioner for Devl, Mysore for an additional allotment of Rs: 2-0 lakhs in addition to the Rs. 2.0 lakhs allowed in Fo. 22880 (Pub) dtd 20.7.55. Perhaps this additional allotment can be made to the District from the balance of Rs. 7.73 lakhs in reserve.

However, it may be mentioned that Collectors are to that it is proposed to permit the Collectors to speedup works to take up works right to 1½ times the grants allotted for 55-56. But as the Collector of S. Kanara is very keen on spending the amounts and is rather afraid that the dilatoriness of the public whipped up by him will arise if the additional grant is not made available during this year, the progress of expenditure also in 53-54 and 54-55 have not been good and Rs. 1,25900, and Rs. 195233 have been withdrawn from the Dt. allotments. The additional Rs. 2-0 lakhs may perhaps be met from the reserve kept for subsequent

The Collector will no doubt be satisfied with the assurance proposed to be given that he can take up cases up to 1½ times the Grant allotment for 1955-56. It is proposed to review the position early in October 1955. No addl allotment of Rs 2 lakhs over and above the allotment of Rs 5.1 lakhs made to the South Kanara DC need be considered at present.
